## **Aurizon welcomes Supreme Court decision on Wiggins Island Rail Project**

Today the Supreme Court of Queensland delivered its decision confirming Aurizon Network's ability to charge above regulatory fees disputed by customers under the Wiggins Island Rail Project Deeds.

The decision relates to proceedings issued in March of 2016 by Aurizon Network in relation to the validity of notices issued under the Wiggins Island Rail Project Deeds.

Aurizon is assessing the detail of the Supreme Court decision including the financial benefits. Once that is determined Aurizon will update the market.

No provision has been made, or revenue accrued, for the above regulatory fees since the completion of the Wiggins Island Rail Project in 2015 and this decision does not impact Aurizon Network's regulated return for the project.
